

## SEC ENVIRONMENTAL POLICY STATEMENT

The employees of Sharp Electronics Corporation (SEC) New Jersey Headquarters are committed to leading Sharp's North American facilities, both by example and through our guidance, to improved environmental performance, and to move beyond fulfilling our legal obligations in regards to the environmental issues in our facility and impacting our products. Our commitment includes making a continuous effort to prevent pollution and minimize the impact of our present and future activities on the environment, using as guidance, the Sharp Corporation Environmental Policy in developing and operating our program.

We will fulfill this commitment through the activities of our management team, who will address and review the following objectives as part of our environmental management program:

Chemical Importation and Product Distribution

Waste Disposal

Recycling

Energy Efficiency (including Products)

Guidance and Education on Environmental Issues

The implementation of this policy is a primary management objective and the responsibility of every employee. This policy will be made available to all employees and the public.
